INTERNET

Our broad band is finally working at the speed we were promised. One of our members helped Bahnhof localize the error and we are very grateful!

A scheduled maintenance work will **close the internet on the 3rd of April between 08.00-09.00.**

SOLAR POWER

Tunahus has invested in solar power. The panels will be mounted on the roof between entrances 3A to 5D. The installation will produce 160 MWh of energy per year, corresponding to about 15% of our consumption.

The installation will start in the beginning of May and is calculated to take 2 weeks to complete. Members affected by this work will get further information.

30 YEARS ANNIVERSARY

In January, our cleaner Ann-Louise Wollbrin was employed by Tunahus for 30 years! The board has thanked for her excellent and long-lasting work with flowers and a gift card.

TUNAHUS YEARLY MEETING

The date for the next yearly Tunahus meeting is set to **May 21, 2019**. An invitation together with the annual accounting will be distributed to all members.

CODE FOR RESERVING WASHING MACHINES

The code needed for reserving the washing machines in the electronic system has been handed out to everybody in an information letter. If you need a new code, please contact the caretaker through HSB.

PARKING OF BIKES

Bikes that were not in use have been removed during this month. We kindly remind you that it is not allowed to park bikes, especially rental bikes and kick-bikes, on the sidewalks or pathwalks. Please help us getting everything on two wheels into the racks.
